## EDUCATION

### Master Of Computer Application, VIT

2022 - 2024

8.37

### Bachelor Of Computer Application, VIT

2019 - 2022

8.34

### Higher secondary certificate(HSC)

Vani Vidyalaya Matric Hr Sec School, Katpadi

2018 - 2019

70.5%

### Secondary school leaving certificate(SSLC)

Vani Vidyalaya Matric Hr Sec School, Katpadi

2017 - 2018

86%

## PROJECTS

### Visual recommender system using deep learning

Completed a master's thesis project on developing a visual recommender system using deep learning. Utilized CNN and RNN for testing, conducted feature extraction, and employed Python and TensorFlow. Analyzed outcomes to enhance system accuracy through iterative refinement.

### A multilayer deep learning approach for malware classification

I collaborated with a multidisciplinary team to develop an innovative project that classified malware using advanced deep learning techniques. I led the implementation of a multilayer neural network, coordinated data processing, utilized Python and TensorFlow, and presented our findings at the 24th SET Conference in University

### MONZZZZ shopping site- Web Application

Completed a j-component project on developing a shopping site using HTML ,CSS ,java script. A web application where user can buy clothes,footwear,accessories by adding it to the cart to place the order and specify delivery address.

## SKILLS

- Core JAVA
- MySql
- C(BASICS)
- C++
- Web Development
- Python
- Machine learning

## TOOLS

- Star UML
- Dev C++
- Jupyter Notebook
- Android Studio
- Visual Studio

## CERTIFICATIONS

Completed digital skills: web analytics course offered by ACCENTURE

Completed Machine learning and deep learning in python course offered by Udemy

## LANGUAGES

- Tamil
- English
- Telugu(to speak)
